

Dear Friends of AAiPS,

Hope you are all doing well and are safe and in good health.

We have all seen the news about the COVID situation in India with the infection rampantly spreading across the country and taking a huge toll. AAiPS would like to help our brothers & sisters and in this regard we have formed an “AAiPS Friends and Family Against COVID” fund raising group as part of GiveIndia, an online donation platform where we can each individually donate.

GiveIndia, ([link](#)) is one of India's largest and most trustworthy giving platform for donors – with contributions of over ₹450+ crore (\$65M) from 13 lakh donors and 150+ corporates, supporting 1250+ nonprofits and impacting 45 lakh lives across 23 states in India. They conduct rigorous due diligence on any NGO who wishes to join the platform and provide frequent updates about the people and programs being supported.

On April 22nd 2021, GiveIndia launched the India Covid Relief Fund 2.0 (ICRF 2.0) focused on raising funds for the most pressing needs caused by the current situation in India. Its mission will be to support an overwhelmed health infrastructure where patients are scrambling for beds, oxygen and recommended medicines to treat the coronavirus infection. Last year, GiveIndia had launched ICRF 1.0 and you can find their Impact Report [here](#). This fundraiser will contribute to Fund 2.0.
